## Solar Power and Accessories

Each system includes Onboard Storage, an adjustable lens, and our exclusive pan/tilt base with dual locking mechanism to optimize image stabilization for time-lapse movies. Additional accessories are featured below.

1.

### Solstice Solar Power System

- Single compact polycrystalline solar panel
- High capacity rapid charging battery
- Smart online power monitoring, AI analytics and alerts

2.

### Pole Mount Adapter

- Attaches to poles with a minimum 3" diameter
- Strap length is 28.5", maximum load up to 100 lbs
- Aluminum construction

3.

### Pedestal Mount

- Universal parapet mount with adapter
- Height is 24", maximum load up to 125 lbs
- Aluminum construction

4.

### Free Standing Masts (5', 10', 15' and 30')

- No penetration of roof surface, designed for concrete block ballast
- Heavy-duty galvanized steel construction, protective mat included where applicable
- Reusable easy to remove and store for future use

5.

### Super Wide Angle Lens

- 10-22mm (102.4 - 63.8 degree angle of view)
- 1:6.7 magnification
- Compact and lightweight

6.

### Transport Case

- Ultra-high impact copolymer
- Custom foam die cut to secure the camera system
- Double throw latches and stainless steel padlock protectors
